UBC Launches the Orion Terminal from 4Access Communications

Hampton, NJ, April 15, 2008 – Premier payment processor/merchant acquirer United Bank Card, Inc. announced today that it has launched the Orion all-in-one check reader, imager and card solution from 4Access Communications Company.

“The Orion terminal provides United Bank Card with an integrated check solution.” said Jared Isaacman, United Bank Card CEO. “4Access has unique technology that provides us with a competitive edge in attractive market segments. The Orion is particularly attractive to B2B merchants that require a payment processing solution for checks as well as cards. Both services are now available on a single compact unit.”

“We are pleased to be working with United Bank card,” said Steven Davis, 4Access Communications’ President and CEO. “United Bank Card is an innovative, pace-setting organization. These characteristics are seen in 4Access products as well.”

Orion is a comprehensive payment processing terminal that reads and images checks, and has applications for handling credit, gift, and loyalty cards. Orion’s unique recognition technology integrates MICR with optical character recognition in real-time to produce the most accurate check read possible.

About United Bank Card

United Bank Card, Inc. (UBC) is one of the largest, most reputable and fastest growing payment processors in the country. UBC currently handles the merchant accounts for over 75,000 locations and processes in excess of 6 billion dollars annually. United Bank Card was ranked 19th on the Inc. 500 list of fastest growing privately held companies in the U.S. for 2005 and through rapid growth achieved the rank of 6th 2006. United Bank Card assists independent sales offices around the country in building profitable merchant portfolios and is currently ranked as the 32nd largest processor by the Nilson Report.
